

随着人口的增长和医疗技术的不断进步，为医疗市场带来更高的需求，先锐为客户提供多种解决方案帮助客户突破各个难关。

The population growth and the continuous advancement of medical technology, higher requirements are demanded on the medical market. SINO provides the variety of solutions to assist the customers to fix the special technology issue.

### THM

- 方形热咀设计
- 浇口距离最小化
- Square nozzle design
- Minimized the nozzle pitch

### Side Gate

- 侧面浇口形式
- 多浇口流道平衡设计
- 加热器镶入热咀体内，温度更稳定
- Side gate type
- Multi-gates with the runner balance design
- The heater is inserted on the nozzle body, heating up stability

**Medical devices**

Material: PET  
Weight: 1.4G  
Thickness: 0.7mm  
Nozzle type: PCH

**Spray head**

Material: PA 66  
Weight: 0.5G  
Thickness: 0.8mm  
Nozzle type: THM

**Medical devices**

Material: PET  
Weight: 3G  
Thickness: 0.7mm  
Nozzle type: PCH

**Blood Contanier**

Material: PET  
Weight: 2G  
Thickness: 0.9mm  
Nozzle type: PRM-H

**Rubber Sealing**

Material: TPE  
Weight: 0.5G  
Thickness: 1.0mm  
Nozzle type: THM

**Syringe**

Material: PP  
Weight: 1.8G  
Thickness: 1.3 mm  
Nozzle type: Side gate nozzle
